**Don't forget to read the fine print!** Being a yearbook staff member means; going to sporting events, picking up other people's slack, talking to people you don't know, aiming cameras at people you don't know, taking action photos, writing captions for photos, eventually falling in love with yearbook, AND having so much fun while producing a book that people will have for the rest of their lives! Not to mention all the other cool perks about being a Yearbook Student!
